

# Microchip Consent Form

**HOMEAGAIN** – Pet Microchip Identification System is the most complete nationwide system for recovering lost or stolen pets. It utilizes a tiny microchip, the size of a grain of rice, which is implanted between the animal's shoulder blades. Individual numbers are registered in a national database. When a lost pet (cat, dog, etc.) arrives at a participating animal shelter or veterinarian clinic, a handheld scanner is used to identify the unique encoded number on the implanted microchip and the owner is identified and contacted immediately. This procedure takes just seconds and is relatively painless, and is recommended for companion pets of all species, breeds and ages.

HOMEAGAIN MICROCHIP IDENTIFICATION SYSTEM    ☐ YES    ☐ NO

Tranquilization is not necessary for this procedure, but consider having your pet microchipped while here for the scheduled procedures.

Owner's Name: \_\_\_\_\_

I hereby authorize and direct \_\_\_\_\_ Clinic to implant a

HomeAgain Microchip in my pet \_\_\_\_\_

I fully release \_\_\_\_\_ Clinic and Schering-Plough Animal Health Corporation
